## **REMARKS**

Claim 1 is amended to remove heterocyclic moieties from R<sup>4</sup> and R<sup>5</sup>. The cancellation of this subject matter is made to further the prosecution of this application. No admission is made with regard to the patentability of the cancelled subject matter.

To the extent that the amendments avoid the prior art or for other reasons related to patentability, competitors are warned that the amendments are not intended to and do not limit the scope of equivalents which may be asserted on subject matter outside the literal scope of any patented claims but not anticipated or rendered obvious by the prior art or otherwise unpatentable to applicants

Applicants reserve the right to file one or more continuing and/or divisional applications directed to any subject matter disclosed in the application which has been canceled by any of the above amendments.

It is submitted that the claims are in condition for allowance. However, the Examiner is kindly invited to contact the undersigned to discuss any unresolved matters.
